

High Tunstall College of Science

Inspire | Support | Achieve

Headteacher: Mark R Tilling

Deputy Headteachers: Peter W Hayward and Laura Ovens

LAO/DJC/HCR
24th March 2020

Dear Parent/Carer/Student

We wanted to clarify the situation in terms of working for our Year 11 students and the reasons for this.

Students should **ALL be continuing to work** on subjects during this time when school is closed. The situation at present around grades was detailed in the communication sent yesterday. If you require a copy of this communication please contact the College.

Should you need to take any exams in the future as a result of an appeal against the grades the exam boards award you this summer then the continuation of your studies is vital to performing strongly in these. As such we expect that you continue to work on subjects until you receive your grades.

All students have accounts on Century Tech to continue to work on Maths, English and Science, as well as any other work set for those and other subjects. Teachers are providing this via Class Charts, Microsoft Teams and your college email account. Please log in regularly to your College email accounts to receive ongoing communications from staff at High Tunstall. You should also continue to practise exam skills and **revise course content that has already been covered in ALL SUBJECTS.**

In addition, we recommend students continue to develop their knowledge in subjects you will continue to study at University or College in the next academic year. Many Colleges, Universities and Exam Boards are providing access to content and support for students to support in this.

If you have any questions or require any further information, such as log on details for Century Tech, please contact your tutors by email in the first instance.

Yours faithfully

Mrs L Ovens
Deputy Headteacher
