

# THE TUNSTALL ACTIVE TERMLY NEWSLETTER

## 'SPORTS KEY' NEWS

Tunstall Active has developed a partnership with software provider 'SportsKey'. SportsKey is a booking management system that provides user with an easy to navigate interface that will allow them to access availability of all of our Tunstall Active Facilities. In addition, the software allows Tunstall Active staff to access a timetable of all usage to control access to the Tunstall Active site.

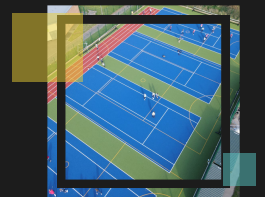

## 'SWIMMING POOL UPDATE'

We are midway through a full redevelopment of the Tunstall Active Swimming Pool. Last year, we completed the refurbishment of the Swimming Pool. Plans are also afoot to modernise the changing facilities into a changing village style design. In addition, we are pleased to be working closely with our partners Hartlepool Swimming Club to deliver a range of swimming lessons for children.

Please contact Hartlepool Swimming Club via their Facebook page for more information.

## 'MUGA LIGHTING'

In another exciting development at our Tunstall Active site, we are pleased to announce that our Multi-Use Games Area has now had floodlighting installed. This development provides Hartlepool and our local community with another multi-functional sporting facility for local people to access on an evening during the Winter Months. .

## 'PITCH PERFECT'

Our New, State of the Art 3G pitch has been an invaluable development at Tunstall Active. The surface provides an additional teaching space for Physical Education lessons and ensures that disruption to our curriculum is minimised in the event of inclement weather.

On Thursday 16th September, we were delighted to welcome Hartlepool United Goalkeeper and former High Tunstall student Jono Mitchell and Middlesborough FC and High Tunstall Alumni Luke Woolston to the 3G to officially open the facility and run a session with Pools Youth FC Goalkeepers. Furthermore, the facility has been used in Partnership with Pools Youth FC, Hartlepool United Womens FC and Hartlepool United Football Foundation. The 3G has provided a high quality training surface to enable these brilliant organisations to deliver football sessions to a range of young people in our local community.
