Statement of intent

High Tunstall College of Science is a vibrant, enthusiastic, forward thinking and safe learning environment in which students are given every opportunity to complete a fulfilling education.

We believe that homework plays an important part in education and the benefit of doing homework must be instilled at an early age so that independent study can be achieved.

We are also aware that students have opportunities and experiences outside of college that are equally important in developing and enriching their lives. We will give careful consideration to ensuring homework is well-balanced across the college.

This homework policy has been produced to provide a coherent framework from which all faculties can develop a consistent and effective approach for students of all ages and levels of ability.
